SOCIETY
Mrs. Ellen Vanatta of the Cherry Valley entertained informally at dinner Thursday at her pretty suburban home. Mr. William McKinnay of Santa Ana, California, was the honor guest.
JOHN-SON- ECHOLS.
Miss Corinne Echols' marriage to Mr. James Johnson, son of Mr. and Mrs. Thomas Johnson, of 365 East Grand street, Columbus, will be quietly solemnized Friday evening at the summer home of her mother, Mrs. Carrie C. Echols at Mittenwauza Park, Lake Erie, near Ruggles Beach, and among the party of relatives who will be present are Mr. and Mrs. Frank C. Johnson of North Fourth street, this city, the latter of whom is a sister of the bride. Mr. Johnson and his bride will go to Columbus within a week after their marriage and will be at home in Granville. Both Mr. Johnson and Miss Echols are graduates of Ohio State University.

At the Moore residence south of the city Mrs. Claire Funkh Story of Lincoln, Nebraska, entertained a few of her friends with a moonlight picnic. The building of large bouffies and the roasting of corn and other staples formed the chief pleasures of the evening. The guests included Mr. and Mrs. Charles Matthews, Mr. and Mrs. George Flory, Mr. and Mrs. Ralph Wyeth, Mr. and Mrs. Robbins Hunter, Mr. and Mrs. Frank Webb, Mr. and Mrs. J. S. Elliott and Mr. Harry Baker.

Mrs. Charles Matthews of Seventh street entertained informally Thursday afternoon with two tables of bridge which out of compliment to Mrs. Claire Funkh Story of Lincoln, Neb., who is visiting with relatives in the city.

Mr. and Mrs. J. E. Powers of Co-shoccon street, Johnston, were very pleasantly surprised last Thursday by their friends from Newark coming with well filled baskets. To say that they had a good time is putting it mildly. Mr. Powers was at the depot to meet two or three and had secured R. L. Patton to take them to his home, but to his surprise there were eleven instead, so Mr. Harry Bishop came to his rescue with his auto.

Those present were, Mrs. F. B. Ford, Mrs. Vina Wilkin, Mrs. Alice Cullers, Mrs. Thomas Holtsberry and daughter Burdelle, Mrs. Lester Wilkin, Mrs. Louisa Tompkins, Mrs. Will Canterbury and daughter Nellie and Mrs. C. H. Wilkin and daughter Thelma. These were neighbors of Mr. and Mrs. Powers while they lived in Newark.

Most of the literary clubs begin their work the first week in October, and although most of the clubs have their calendars ready, but six of them have thought to send one to the society editor of this office. The Travelers' Club, The Daughters of the American Revolution, The Unity Reading Circle, The Research Club, The Coterie Club, and The Monday Talks are the six whose names are on that honor roll. These club meetings are of interest to many women and it will be impossible for the papers to note the meetings without a year book to guide the editor. The secretaries are asked please to send the calendars in as soon as possible.

The eleventh year calendar of the Coterie Club has been issued and announces that the club will take up for study this season Africa and Miscellaneous. The society was organized in 1900 and federated in 1904.

PINK CHIFFON AND LACE.
Rose pink chiffon cloth was used for a charming frock, put together on lines suggested in today's illustration. The skirt was particularly attractive with its fullness confined at knee depth under a double flounce of the cloth, each edged by a band of Irish insertion.
Bodice and sleeves are cut in one and both are elaborately trimmed with Irish lace in manner indicated. This is an ideal suggestion for a winter dance frock.

TAWNEY, TOO.

The wave of insurgency sweeps on. Tawney, the celebrated stand-pat congressman from Minnesota and first lieutenant of Speaker Cannon has been carried away by it.

It was at Tawney's own town, Winona, Minn., that President Taft made his celebrated speech in September a year ago in which he admitted that the tariff on lumber was not satisfactory, in which he admitted that the wool schedule is too high, and yet declared that the tariff bill which he signed with an apology for his approval was "the best tariff ever passed by the Republican party."

Republican voters of other states are sweeping their stand-patters aside. It does not save them to call themselves "regulars," or "stalwarts," or to plead "party loyalty," or to say that they are and want to be progressive with the most progressive kind of progressiveness. All go into the discard just the same.

In addition to the stand-pat congressmen who have been swept away by the tidal wave of insurgency are Senators Hale of Maine, Burroughs of Michigan—and now Tawney, the left power of Speaker Cannon in the House.

Are the Republicans of Ohio so obtuse that they will witness the slaughter of stand-patters all about them and still stand for Standpater Dick, who wrote the Ohio platform praising Fiat and the tariff bill, and for Harding who has been loud in his approval of both?

HEARD IT BEFORE.

Since Governor Harmon thrust a probe into the canal scandals, all the uncles, aunts and cousins and other relatives and beneficiaries are saying "he's playing politics." Familiar, isn't it?

The scheme of yoking Arizona to New Mexico, as devised by Roosevelt, and Cannon, would have given the Republicans one more state. The two sister states will now probably be divided between the two parties. At any rate we will have one more Democratic state in spite of Roosevelt and his former chum, Cannon.

HONESTY AND STATES-MANSHIP ON GUARD

(Chicago Examiner.)
Among the many honors of the Republican campaign opening at Kenton was the solemn promise of the candidate for the Governorship to maintain a hostile and pugnacious attitude toward graft. As these present were mainly Republicans, it is presumed that nobody openly laughed, though it is possible that some may have snickered quietly.

Grafting has been going on in Ohio for many years, and it is hardly likely that its abuses were not in a considerable measure suspected by the various able Republicans who have sat almost continuously in the Governor's chair. But it remained for Judson Harmon not merely to suspect the presence of the grafters, not merely to know that there was grafting, but to take such measures as to arrest the grafters, to

FIRST OR LAST?

"I promise that aliding honesty shall be the first attribute demanded of every person appointed to the state's service," said Harding to the convention which nominated him for governor, which he repeated in his campaign opening speech at Kenton.

L. C. Laylin, chairman of the committee managing Mr. Harding's campaign, has served three terms as secretary of state. The senate committee which investigated the state treasury in 1908 reported that the average monthly balance carried in banks by Secretary of State Laylin for a period of six years was \$50,346 and at 2 1/2 per cent interest the state lost on this balance \$7,552.

It is a well recognized principle of law that public officials receiving money are liable for interest upon it from the date when it should be paid, just as is an individual upon any other debt. This principle has been sustained by numerous decisions of the courts so that officials who receive money of the state and fail to turn it into the treasury are liable for interest on these funds at 6 per cent per annum, the legal rate in Ohio. On this basis Mr. Laylin, as secretary of state, would owe the state of Ohio about \$15,124, interest on that \$50,346 average monthly balance.

When does Mr. Harding propose to begin? He is credited with having picked Mr. Laylin to manage his campaign, and that, too, regardless of the fact that his platform says some thing about "making the penalty more severe." How about it?

Announcements continue to be made with due regularity that "Cannon stands pat on the present tariff." He stood pat on the previous tariff. But the country is moving away from Mr. Cannon with considerable rapidity.

The cost of living in the past twelve years has increased forty-three per cent. In the same twelve years wages have increased fifteen per cent. Who gets the difference? While the masses grow lean the classes grow fat. Is it any wonder that people who hunger are beginning to turn threatening eyes upon high protection plunderers.

Where James Schoolcraft—and other sorts of craft—Sherman has long made his home he is thoroughly well known. In consequence thereof the election of delegates to the New York State Convention went against him in his own ward and in his own Assembly district.

The Republican machine bosses are as solid as Gibraltar for Dick, and in every county and district in the State where they have controlled the Legislative nominations their candidates can be counted on as being equally solid for Dick. Yet the people are overwhelmingly against Dick.

It is wholesome to see how the mean people who make unwholesome candy for children are getting roasted by the press.

In Ohio stand-patism stands for Dick and Dick stands for stand-patism. They are one and inseparable.

HOW TO REMOVE WARTS.

EXPLAINING ALREADY
It is rather unfortunate for Mr. Harding that he has reached so early in his campaign the stage of explaining his speeches.

At Kenton he took occasion in his stand-pat tariff talk to denounce the "selfishness of the greedy consumer and the designing importer." He has since explained that he meant the "greedy producer" and not the "greedy consumer."

Well, how much better does that make it? Mr. Harding and all the other stand-patters have argued that their "protective tariff" merely represents the difference between the cost of production at home and abroad, and the chief item in the cost of production has always been held up by stand-patters as the difference between wages paid in this country and the wages of "pauper labor in Europe." They have also tried to fool the farmer into believing that the tariff has brought him better prices. Whether Mr. Harding meant what he said at Kenton or means what he says in explanation of what he said at Kenton, by changing terms from "greedy consumer" to "greedy producer" Mr. Harding has cast reproach upon the farmer, the wage worker and the manufacturer.

Mr. Harding's explanation merely makes a bad break worse.

GOV. HARMON'S FAIRNESS TO LABOR UNIONS

The Chicago Examiner's staff correspondent gives a full and complete account of the meeting of representatives of labor unions at Columbus, wherein action was taken on the street car strike and efforts were made by certain parties to turn the trouble into a political issue involving Governor Harmon. The correspondent describes the meeting of the selected committee with the Governor and adds:

The Governor shook hands cordially with the committee in person, and said he was sorry that the members could not see more plainly his line of duty and appreciate his disposition to be absolutely fair to everybody. And he hoped that, however they might feel for the moment, they would treat him with the fairness he had always shown to them. After the conference with the Governor, members of the delegation went into conference with General Manager Stewart of the railway company. This meeting was no more successful. The delegates refused to recede from their position and Mr. Stewart promptly refused to grant the demands of the men.

"That the Governor is wholly right in all his contentions is perfectly clear to anybody who will take the trouble to study his position. He has done everything he could do to promote peace and bring about an understanding, and it was through him that the representatives of labor and Mr. Stewart held their conference. He still holds himself ready at all times to act within his powers and line of duty, and has patiently explained time and again the impenetrable difficulties that stand in the way of his doing more than he has done."

"Undoubtedly there is some politics of the peanut order mixed up with this labor difficulty. George W. Bope, counsel for the union men, is a Republican of the Foraker alignment and is not averse to giving political color to the situation. And back of him stands the Republican organization grateful for any diversion that will take its mind off its own troubles and divert a few votes from Governor Harmon."

"But there is no general fear in the Democratic camp that the effect will be disastrous or that the Governor will lose the respect and confidence of the men who voted for him two years ago and to whom he has given renewed assurance and proofs of friendliness and sympathy."

Late Wednesday afternoon the labor committee issued a statement in which it set forth that it had tried to convince the Governor that it was his duty to exercise his prerogative to end the strike by bringing the contending parties before the board of arbitration "or some other board that might be amicably agreed upon, and have both parties await the award of arbitration," but failed to convince him.

"This failure to convince has been fully explained by a previous recital of the Governor's position. It has been hinted that the committee would issue a proclamation of a political order. This has been postponed, if not absolutely given up as impracticable and foolish."

"Dr. Thomas' Electric Oil is the best remedy for that often fatal disease—croup. Has been used with success in our family for eight years." —Mrs. L. Whiteacre, Buffalo, N. Y.

Wells, secretary of the Board of Trade, was surprised to see a pigeon fly into the room and make itself at home. The bird had stopped to rest and as it was very tame, allowed Mr. Wells to pick it up. Upon one leg was a metal band marked "T. S.—1001," which number, by the way, is that of the Board of Trade room. Colonel Wells gave the bird a drink of water and some peanuts. After resting for 30 minutes and walking all over the office, the pigeon flew to the Goddess of Liberty on the court house and then went on east.

SOLICITING TEAMS REPORT TOTAL OF \$4,713

The Y. M. C. A. soliciting teams reported at the noon luncheon today as follows:

No. 1, E. S. Randolph, \$204; total to date \$1223; No. 2, J. A. Flory, \$55; total to date \$889; No. 3, J. N. Pugh, \$156; total to date \$1970; No. 4, Metz-Bennett, \$220; total to date \$1593. The grand total subscribed up to Friday noon amounted to \$4713, less than half of the amount asked for.

The teams will meet for supper at 6 o'clock this evening and for final report at 9 p. m.

The notion prevailed generally that there was a disposition in some quarters to "let George do it," and that few men seemed to realize that if too many who could have a share, dodged the issue, the logic of things would mean the closing of the building and the work carried on in it. None of the trustees of workers want such a conclusion and will put up a brave fight to prevent it, but the prompt and generous response of a large number of people alone will prevent disaster.

A gift by telephone or in person tonight from those concerned for the good name of Newark would inspire to success.

Noon lunch for the citizens of Newark who care for her future and good name more than they do for their own feelings and shoe leather, and who believe the Y. M. C. A. must be put in a position of greater usefulness, was an interesting and even exciting event. The reports of team captains were vigorously applauded. One man in the country had sent in a pledge for \$50, showing that men of the county understand that there must be some place for country boys to go when they come to Newark and get a job in the shops. Quite a number of workmen in the shops have made pledges and are showing an interest. The mechanical drawing and other classes have given some of them a direct interest.

Among today's hustlers are Fred C. Evans, C. H. Davis, Dr. C. B. Keller, George Ewart Rev. F. E. Ver-nond, Rev. H. J. Holcombe, F. M. B. Windle, J. A. Flory, C. C. Metz, Rev. J. A. Bennett, E. S. Randolph, Ed. M. Larason, Rev. T. A. Cosgrove, R. S. McKay, Harry Scott, J. W. Leidigh, Dr. C. L. Wyeth, C. L. Flory, J. N. Pugh and others equally well known. The first \$4000 was given by 91 persons, showing that the money is here and that the important thing is to see enough people. Much interest exists in the plans for improving the building and making a more efficient work.

The Hearts and the Spade. Once upon a time a man who was playing a game of draw poker found four hearts and a club in his hand. After a little thought he discarded the club and drew a spade.

"I will call this a hand of hearts," he said to himself, "and bet on my flush."

Then he looked very wise and laid down \$7 of his hard earned money. Another player saw the \$7 instantly, called in a loud voice, and the money at once changed owners.

Moral.—A wise man calls a spade a spade.—New York Herald.

Post Office Dust. A certain philosopher who flourished during the chestnut and whisker age, albeit of a general disposition, came one morning upon his pretty servant polishing his escutcheon.

"Dost clean my furniture, fair maiden?" he inquired facetiously.

"I dust," replied the maid.

Whereat the philosopher laughed hugely and gave her a sausage.—London Answers.

INJURED WOMAN REFUSES TO FILE ASSAULT CHARGE

"He struck me but I will not get out a warrant against him," said Grace Langdon, the young woman alleged to have been assaulted with a club by William Bolton, when asked to file an affidavit against Bolton. The assault took place Wednesday night or early Thursday morning, and as a result of the attack the woman, who lives in a Walnut St. resort is at the Sanitarium suffering from several cuts and bruises and a slightly fractured arm.

Bolton was arrested by the police, who charge him with being the one guilty of the assault, but this the prisoner vigorously denies, claiming that he and the Langdon woman are the best of friends. He also denies taking any money from her, though she claims to have been robbed of \$3.00, which she had hidden in one of her stockings. However, she does not claim that Bolton is guilty of the theft.

In police court this morning the prisoner was sent to the county jail in default of a fine of \$10 and costs, which was assessed by Mayor Ankele. The condition of the injured woman is not at all serious, though she suffers some pain from her injuries.

"PIMPLES DISAPPEAR IN TEN DAYS"

You are deceiving yourself, not your friends, by using harmless cosmetics, powders, rouge, lotions or creams. Don't think you can possibly hide a pimply, red, blotched face, or successfully cover up liver spots. It may appear to yourself that you have succeeded, but your friends are laughing at your endeavor.

Bin-Ter Complexion Tablets permanently remove pimples, blackheads and liver spots and correct jaundiced muddy skin. There is no severe, long-drawn-out treatment. They clear the blood and remove the cause.

T. J. Evans is so confident that it will cure you, that if not entirely satisfactory, you may return it to him and your money will be cheerfully refunded, or the Bin-Ter Laboratory, 155 E. Washington St., Chicago, will send you a large free trial box upon receipt of ten cents.

You can cure that pimply face and eruptions once and forever by means of the only certain home cure. Purify your blood and you remove the cause. Start the treatment today.

She Knew It.

A Philadelphia man thought he would be more successful than his wife in securing servants. So he cut out a number of advertisements from the "Situations Wanted" column of a newspaper and started out in a cab to visit the various addresses. The first place he stopped at was in front of a little house in a narrow street, from which a cook had advertised. He saw her and was favorably impressed.

"I want a good cook," he said.

"Sure, an' don't Oi know it?" exclaimed the cook. "Oi only left your house yesterday."

He made a hasty and undignified retreat and decided to allow his wife to continue in her direction of the household affairs.

Engineer R. C. Beal, at the water works plant, has been receiving several complaints on account of the shortage of filtered water. Mr. Beal states that he has been running the filter engine for eight years, and like all other contrivances, a piece of machinery will get out of gear. Several days ago the main crank brass broke and since that time the filtered water has not been up to the usual standard. The trouble has been remedied and the water will be much purer.

A Coin in the Sea.

A coin dropped into the sea will sink to the bottom, however deep it is, owing to the fact that the metal is heavier than the volume of water it displaces. It is a common but mistaken notion that the density of the sea increases with its depth and consequent pressure, as does the density of the atmosphere, which we all know is greatest at the earth's surface. The air, however, like all gases, is elastic and when under pressure (as with its own weight) shrinks in volume and gains in density. Water, on the other hand, is absolutely incompressible, and although the pressure in the sea increases at the rate of one pound for every two feet we descend, the density of the water remains the same; consequently the penny continues to outweigh the water it displaces, and the coin sinks until it finds a solid resting place. The pressure of the water has no influence at all on the coin, acting as it does on all sides equally.

FEET SO SORE COULDN'T WALK DOWN STAIRS

TIZ Cured Her Quick.

If you have sore feet, tired feet, sweaty feet, lame feet, tender feet, smelly feet, corns, calluses or bunions, read what happened to Mrs. Crockett of Jeffersonville. TIZ DID IT. Mr. Crockett says: "After the second treatment I walked down stairs with one foot at a time. She has not been able to walk down stairs before in past five years, except by stepping down on each step with one foot at a time. This is remarkable. Send five more boxes."

No matter what ails your feet or what under heaven you have used without getting relief, just use TIZ. It's different. It acts right off. It cures sore feet to stay cured. It's the only foot remedy ever made that acts on the principle of drawing out all the poisonous exudations which cause sore feet. Powders and other remedies merely clog up the pores. TIZ cleans them out and keeps them clean. You will feel better the first time it's used. Use it a week and you can forget you ever had sore feet. Here is nothing on earth that can compare with it. TIZ is for sale at all druggists, 25c per box, or direct. If you wish, from Walter Luther Dodge & Co., Dodge Building, Chicago, Ill.

SCHOOL GIRLS WHO CROW PALE

Need the Blood-making Topic Treatment That Cured This Young Woman at South Portland.

Any growing girl who finds that her strength is failing and she is becoming pale and nervous, has no ambition and is languid, can be certain of the fact that her blood is failing to meet the demands made upon it, because it is impure and thin. She is suffering from chlorosis, which is simply a form of anemia, or bloodlessness. Steps should at once be taken to strengthen the system by building up and purifying the blood. Dr. Williams' Pink Pills do this so well and have cured so many cases of chlorosis that they may justly be called a specific for this common disease of girlhood.

Mrs. Philip H. Smart, of No. 125 Smith street, South Portland, Me., says: "While attending school I caught cold and suffered from weakness for about a year. I was all run down and did not have a particle of color. My parents thought I was going into consumption. I was short of breath and was subject to fainting spells. My limbs seemed to be all tired out and I had hardly enough strength to get around. My stomach was so weak that whatever I ate caused me a great deal of pain. My kidneys were affected and I kept growing weaker and weaker. I finally had to quit school. I did not improve much under the doctor's treatment of about six months and later gave Dr. Williams' Pink Pills a trial. Soon I began to see that I was gaining in flesh and strength. There was plenty of color in my cheeks. My appetite improved and I was cured. I certainly think Dr. Williams' Pink Pills are a wonderful remedy and cheerfully recommend them."

Dr. Williams' Pink Pills were originally a prescription used in the doctor's private practice and their benefit to mankind has been in proof many thousands of times. They are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes \$2.50, by Dr. Williams' Medicine Company, Schenectady, N. Y.

The Lions and the Roses.

"An admirer in my younger days," said a woman lion tamer, "once sent me a bouquet of red roses, and I wore them in the ring to do my act. They came near doing for me. I had got my eight lions strangled in their pyramid when the lion at the top saw the red roses in my corsage. He mistook them for meat—lions have poor sight—and down he leaped. He came for me open mouthed. Though I fired a blank cartridge in his face, he made with his paw a sweep at the roses that ripped me open from chin to waist. The other lions bounded forward. They weren't angry. They were hungry. I had intelligence enough to perceive that, and just as they were leaping on me I tore off my roses and threw them across the ring. The big brutes left me at once, and while they sniffed the roses with disappointed growls I staggered out of the iron door. I was young at the time, young and light headed, or I'd have known better than to wear anything red among hungry and nearsighted lions."—Buffalo Express.

YOU CAN DO ANYTHING WITH A BOY

YOUTH is malleable. Like moist clay, it can be shaped and re-shaped up to the time it becomes HARDENED. The Y. M. C. A. is taking youth IN THE CLAY and moulding it into the highest type of MANHOOD. It is shaping the body in the GYMNASIUM, the mind in its EDUCATIONAL classes, the soul in its EDUCATIONAL courses. Thew and sinew, brain and heart, must ALL be cared for in the creation of STRENGTH. Men must fight LIFE physically, mentally and morally. No matter what a boy's origin may be, no matter WHAT handicaps have checked his start, no matter WHAT environment has darkened his first viewpoint, he can find the path to achievement if he can discern the guide post and secure the strength to ENDURE to the goal. The Y. M. C. A. is setting men in the right direction in every city in the land. It has re-moulded thousands who needed its help, until now it, too, needs help. It must have MORE FUNDS if it is to grow as great as its USEFULNESS.

An Old Alarm Clock.
 At Schramberg, in the Black forest, there is a respectable alarm clock that warned sleepers it was time to get up when Charles I. was king of England. This was made in 1680, and it is deemed a remarkable piece of workmanship. In form it resembles a lantern wherein is a lighted candle, the wick of which is automatically clipped every minute by a pair of scissors. The candle is slowly pushed upward by a spring, which also controls the mechanism of the clock, and at the required hour of waking an alarm is required, and at the same time the movable sides of the lantern fall, and the room is flooded with light.

A Spurred Gift.
 A charity expert was discussing promiscuous almsgiving. "Promiscuous giving," he said, "is money thrown away. Nothing should be given to beggars except work. A friend of mine said the other day to a beggar: "I can't give you any money, my poor fellow, but if you call at my house I'll give you plenty of work." "Thanks," the beggar answered, "I've got plenty of that at home."

Conscience.
 "On what grounds do you desire to withdraw the plea of 'not guilty?'" "On the simple ground that we are guilty. However, we must call the attention of your honor to the regrettable fact that the statute of limitations laid us out. Too bad we were not asked about this matter earlier."

GRAND JURY WILL INVESTIGATE WRECK

Ft. Wayne, Ind., Sept. 23.—Following the summoning of a grand jury to investigate the wreck on the Fort Wayne traction line, the authorities today are looking for John Boyd, the traveling salesman who was the only passenger to escape unhurt. After the wreck, Boyd declared that the collision of the cars could have been avoided. Boyd has disappeared. The blame for the disaster has not been fixed.

When you hear a girl referred to as being "awfully sensible," it's a safe bet that she is about as pretty as a mud fence.

DOCTOR ADVISED OPERATION

Cured by Lydia E. Pinkham's Vegetable Compound

Galena, Kans.—"A year ago last March I fell, and a few days after there was soreness in my right side. In a short time a lump came and it bothered me so much at night I could not sleep. It kept growing larger and by fall it was as large as a hen's egg. I could not go to bed without a hot water bottle applied to that side. I had one of the best doctors in Kansas and he told my husband that I would have to be operated on as it was something like a tumor caused by a rupture. I wrote to you for advice and you told me not to get discouraged but to take Lydia E. Pinkham's Vegetable Compound. I did take it and soon the lump in my side broke and passed away."—Mrs. R. R. HUEY, 713 Mineral Ave., Galena, Kans.

Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has proved to be the most successful remedy for curing the worst forms of female ills, including displacements, inflammation, fibroid tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, and nervous prostration. It costs but a trifle to try it and the result has been worth millions to many suffering women. If you want special advice write or write to Mrs. Pinkham, Lynn, Mass. It is free and always helpful.

YOU MEN WHOSE BROTHERS DIED IN THEIR YOUTH

And who set up windows and tablets and shafts to their memory, can do something BIGGER and FINER. You can build LIVING monuments—You can help some boy to the "UP-WAY" and do it in the name of that "OTHER" whom NOW you can only know when you sit at the loom of recollection and weave heart-aching pictures of the "WHAT-MIGHT-HAVE-BEEN." If he was the RIGHT sort of a boy (that brother of yours) he would have preferred to have somebody GLAD that he came for a "LITTLE WHILE" than to have an elaborate memorial which can BENEFIT no one. It would have pleased him more if you picked out some deserving chap whose poverty and responsibilities cut him off from mental and ethical and physical strengthening, and gave HIM a PART OF THE CHANCE which would have been HIS lot. If there is any way by which he knows what is happening since he went on the "LONG JOURNEY" he'd be GLAD if his influence is working for SOMEBODY'S betterment. The Y. M. C. A. is trying to build a "HELPING HAND" so big that it can take hold of all the young men reaching out for "UP-LIFT." But it needs MORE FUNDS. Can't the memory of "SOMEBODY" send YOUR hand toward the check book?

Heavy, impure blood makes a muddy, pimply complexion, headaches, nausea, indigestion. Thin blood makes you weak, pale, sickly. Purify Blood. Bitter makes the blood rich, red, pure—feature, perfect health.

REV. KAUFMAN TO OCCUPY PULPIT

The congregation of St. John's Evangelical church on South Fifth street considers itself fortunate to have Rev. Mr. Kaufmann of Dayton, O., who is visiting in the city, to occupy the pulpit a few Sundays. Rev. Mr. Kaufmann has retired from active service due to ill health and advanced years. He is a man of more than ordinary intelligence, a deep and profound thinker, presenting his thoughts clearly. His strong personality and great oratorical ability holds the attention of his audience from beginning to end. It is hoped that all those who understand the German language will avail themselves of the opportunity to hear Mr. Kaufmann next Sunday morning at 10:15 as it may be his last Sunday in our city.

CROCODILE TEARS.

Old Legends That the Brutes Shed Them Over Their Prey.

There was an old story, to which we find constant reference in Elizabethan writers, that crocodiles wept over their prey. No doubt the legend arose because the crocodile possesses large, highly developed lacrimal glands, but it appears in various amusing forms.

As early as the fourteenth century, in "Mandeville's Travels" we find it that certain great pieces of crocodiles. These serpentes seem not to shed their old skin weepage.

An old story is given to the tale of the narrator of one of Sir John's "Klus" voyages. Whether he was a tried man or not we do not know, but he writes: "His nature is ever, when he would have his prey, to cry and sob like a Christian body, to grovel to them to come to him, and then he stretched at them." And thereupon came this proverb, that is applied now women when they weep, "I cry like a crocodile," the meaning whereof is that as the crocodile when he crieth sobb them about most to deceive, so doth a woman most commonly when she weepeth."

In Fuller's "Worthies" there is the added information that "the crocodile's tears are never to save when he is forced where he is in growth." Shakespeare, Spenser and Dryden allude to this old world fancy.

LOVELY LUCERNE.

The Tourist Center of the "Playground of Europe."

Lucerne, situated in the heart of Switzerland, stands, as it were, enshrined amid the grandest and most picturesque features of Alpine scenery and is, of course, the tourist center par excellence of the "Playground of Europe," three main lines of railway converging on the famous town beside the lake. Nor could nature, indeed, have well done more for "Lovely Lucerne," as all the world acclaims it (declares a writer in London Sketch). On one side stands the Rigi, on the other Pilatus (7,000 feet high), with between them the fair, shimmering expanse of the Lake of the Four Cantons and beyond it again a widespread panorama of the glaciers and snow peaked ranges of the Alps.

From the Rigi (6,000 feet), easily climbed by aid of its famous "mountain train," the view takes in the Bernina, Gothard, Unterwalden and Bernese Alps, stretching far and wide, from the Sentis in the east to the Blumalp in the west, and to northward the Jura mountains, the Black forest and the Vosges barrier between Frank and Teuton. From the Rigi some fourteen lakes are visible on a clear day, among them Sempach, by the shores of which was fought the famous battle where the Swiss won their freedom.

Naming a Yacht.

The naming of a book is no holiday task, and authors particularly proud of a title are tolerably sure to discover that it has been already used. But the naming of a yacht is almost a greater perplexity. Plagiarism may in this case result in practical confusion carrying the most awkward consequences, and not all titles to which, in search of variety, recourse has already been had are satisfactory from all points of view. Not long ago, for instance, a very grave British cabinet minister, perhaps wishing for once to be sprightly, called his yacht Elfr. He had not consulted his family, who were, however, quite sure, he thought, to delight in his outburst of gaiety. However, his daughters naturally remarked how very disagreeable it would be to go ashore with that label around their hats.

Where Ears Grow Sharp.

A French balloonist has recorded the clearness with which sounds coming from the surface of the ground can be heard at a high altitude. At the height of 5,000 feet the ringing of horses' hoofs on a hard road was clearly audible. At 4,000 feet the splashing sound made by ducks in a pond was heard. The barking of dogs and the crowing of cocks could be heard at seven or eight thousand feet. These sounds penetrated through a white floor of cloud that hid the earth from sight, says Harper's Weekly. In the perfect silence of the air the investigator was startled by what seemed stealthy footsteps close at hand. It was ascertained that this noise was caused by the stretching of the ropes and the yielding of the silk as the balloon continued to expand.

A Synonym.

"Being a printer, Mr. Dash," said the hotel proprietor, "maybe you can advise me. I want to get a sign painted. 'Writing Room Free to Our Patrons,' or something like that."

"I don't like 'patrons,'" said Mr. Dash.

"No? Maybe that doesn't sound just right. What would you suggest?"

SOME POINTERS

In Buying or Building Homes by the Ad Writer of the Buckeye State Building and Loan Company, Rankin Building, 22 West Gay Street, Columbus, Ohio.

1. Buy or build within your means. Many people make the mistake of buying or building a home too expensive for their pocketbook. When the home costs more than they really can afford, it frequently happens that they get into debt deep all. The happy family is the one living within their means and whose members save something each month. Such families soon pay for their homes. Our assets \$4,200,000. (See second next month.)

AMUSEMENTS

KEITH VAUDEVILLE.
The headline act at the Auditorium theatre for the last three days of this week is certainly a winner. There have been black-faced comedians here in vaudeville times too numerous to mention but it remained for Swor and Mack to carry off the honors of being the best ever. Two old minstrel men, who have won a reputation for themselves, they make their act one continuous scream. Appearing in dress suits, their act is neat, and their work is certainly that. Their line of talk is all good stuff and the imaginary game of craps and the poker game are irresistible.

"College Days" is a musical skit presented by a company of 9 people of which the comedian, the pretty miss who sings the baseball song and the toe dancer are clever. Several good musical numbers are given and a game of baseball is featured.

Guy Fisher is probably the best bag pumper seen here for some time—he at times keeps six bags in motion. James Bennett gives a delineation of a Jewish character that is very pleasing and he sings two Yiddish songs. The Healy sisters have a singing and dancing skit and are used to open the show.

A film of good motion pictures concludes the offering.

THE ORPHEUM.
See Elsie Williams and her jolly company in "Topsy Turvy Flats" next week at the popular little Arcade play house. A company of people, introducing plenty of good music. A great treat for the music lovers. This is promised by the booking exchange to be one of the best acts that has ever played the city of Newark. The present bill is making a hit at every performance.

For a mild, easy action of the bowels a single dose of Doan's Regulax is enough. Treatment cures habitual constipation. 25 cents a box. Ask your druggist for them.

STUDENTS

Of University Unable to Furnish Their Building and Legislature Will Be Asked for Aid.

Columbus, Sept. 22.—The new \$75,000 students' building at Ohio State University is idle because the students cannot raise money to furnish it. The entire appropriation was put in the building and the student body was to raise a furnishing subscription. They have failed to do this and the next legislature will be asked to appropriate for the furnishing.

Smythe has all the criminal cases returned by the recent special grand jury in connection with the July riot, ready for trial and will endeavor to get permission to make assignments, beginning Monday, October 2, when this has not been done as yet, and Prosecutor Smythe has not decided upon which case will be tried first.

The regular civil assignment of equity and jury cases will occupy the Common Pleas court at least until Friday, October 21 and the prosecutor is prepared and anxious to begin work on the heavy criminal business to come before the court, at the earliest possible moment and all that remains is for him to get permission from the court to begin immediately after the civil assignment is exhausted, which permission will be asked.
